

# JuiceBox

## GREEN WATER & POWER

### HOW TO START CHARGING

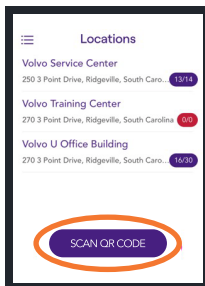

**1** Plug in your car

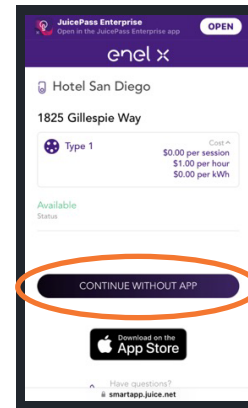

**2** Scan the QR code with your smartphone camera

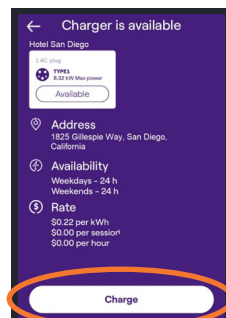

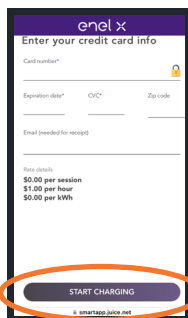

**3** If you don't have the JuicePass Enterprise app, click **Continue without App** on the webpage

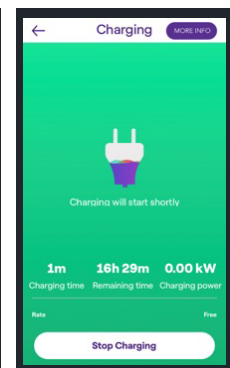

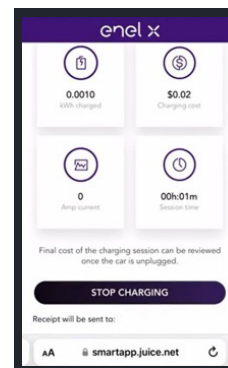

Otherwise, open the JuicePass Enterprise app and click the **Scan QR Code** button

**4** Enter your payment information. Click the **Start Charging** or **Charge** button to begin charging

**5** Click the **Stop Charging** button to stop charging

## FAQs

**Q** I entered my payment information but charging doesn't start.

**A** Charging can sometimes be delayed. Don't Panic! Keep your car plugged in until the JuiceBox light begins flashing **Green**

- Charging should begin within 2 minutes after payment is authorized
- If charging doesn't start, unplug your car and repeat steps 1-5
